A GUIDE FOR PLAYERS AND THEIR PARENTS

PROVINCIAL TEAM PROGRAM

2019-2020 INFORMATION DOCUMENT

OVERVIEW

The Provincial Team Program provides opportunities to talented players from across New Brunswick to develop their skills through advanced training and participation at top showcase tournaments. The program is led by Soccer New Brunswick's Technical Staff and National Certified Coaches. Players will be identified through detection, identification camps and a tryout process.

Players will have access to training sessions through the fall, winter & spring in venues throughout the province. Each training weekend will look to improve technique with a direct link to tactical application. On-field and classroom sessions will be part of the program. Topics such as sport psychology, nutrition, and soccer tactics will be presented. The program is part of the New Brunswick Long-Term Player Development Model and is designed to be consistent with the Canadian Soccer Association's Long-Term Player Development (LTPD) philosophy and will provide a challenging, competitive training environment for qualified New Brunswick players to improve their technical and tactical skills.

WHO IS SOCCER NEW BRUNSWICK?

SOCCER IS THE SPORT OF CHOICE THOUGHOUT NEW BRUNSWICK

THE DRIVING PHILOSOPHY: THREE CORE VALUES

SOCCER IS A SCHOOL OF LIFE!

Passion, respect, integrity, teamwork, effort, perseverance, generosity and humility lead our lives and define our vision for our sport. These values contribute to the education of young people and serve them throughout their athletic careers, and in their lives as men and women.

A BASIC TRUST

Trust is the element on which the partnership between Soccer NB, regions, clubs, coaches will thrive. It is reciprocal and involves both human and financial resources invested in the quality of work provided by different partners, which translates as a development target for all groups of players and coaches focusing on the training needs of both.

A GOAL: QUALITY

The goal is not simply to teach soccer, but to teach according to certain quality criteria and standards. These criteria require that training and education be planned, prepared, implemented and evaluated by motivated coaches that are guided and supported by the Technical Department of Soccer New Brunswick.

PLAYING STYLE

We play a dynamic offensive creative soccer with proactive defending!

A Mobile and Dynamic Game

Players give everything they have to impose our style of play that is made up of movements and permutations.

Creativity and Offensive Efficiency

Our players attack without restriction and are encouraged to be creative and goal minded and taking every opportunity to finish.

Proactive Defending

Our players are well organized and defend with intensity to win the ball with collective intelligent pressing.

OUR APPROACH TO GAMES

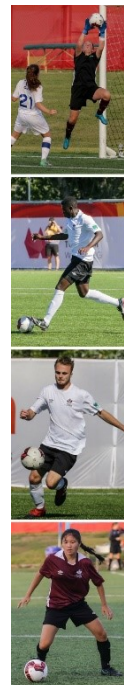

We have to train like we want to play and we play like we train!

Our playing philosophy defines our quality of play.

It guides the thoughts and actions of players and coaches towards a common goal.

It unites our strengths and allows the development of a culture of soccer.

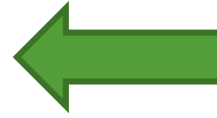

It provides us the criteria for observation and analysis of matches at all levels.
